

PRODUCT DETAILS

DEC-K-ING is a progressive company specialising in the provision of single ply reinforced PVC Membrane.

With continuous research and development to improve their products, DEC-K-ING is at the forefront of the market.

DEC-K-ING's manufacturers are world leaders in the formulation and production of PVC membranes exclusively for DEC-K-ING. In addition to importing trafficable waterproof deck membranes, DEC-K-ING also source all related accessories required to support the application of the product. All accessories have been tested and approved under DEC-K-ING's

warranty and all products are subjected to rigorous testing and quality control to ensure the best quality product is available for you.

DEC-K-ING's Vinyl membrane contains resin, stabilisers, plasticisers and UV inhibitors manufactured to withstand extremes of heat and cold. The membrane's top layer is finished with a rough embossing, which provides better traction when the surface is wet. Other benefits include permanent seams and overlap joints through its PVC coated materials and bonding agents. The product is maintenance free, requiring only mild detergent and water to clean.

WE'VE GOT

NEW ZEALAND'S FINEST DECKS

WELL AND TRULY COVERED

DEC-K-ING®
Decks you live on

With fully welded seams and a toughness that easily withstands constant wear and tear, it's not surprising that DEC-K-ING comes with a 15 year warranty and a BRANZ appraisal. Ideally suited to cover most existing deck surfaces including plywood, concrete, cement and fibreglass, DEC-K-ING waterproof membranes provide your deck and your family with the best possible underfoot protection.

Choose DEC-K-ING for all your outdoor living areas - your feet will repay the kindness every time you step outside.

DEC-K-ING - Decks you live on

Beautiful on the eye and smooth to the touch, DEC-K-ING's vinyl waterproofing system provides the ultimate underfoot finish to your deck for a busy outdoor lifestyle.

With a hard wearing finish and 100% water protection, DEC-K-ING decks are both UV and mildew resistant resulting in low maintenance.

Whether you're enjoying a glass of Chardonnay at sunset or watching the kids play during the Sunday BBQ, DEC-K-ING's sturdy slip resistant finish ensures everything and everyone remains safely on track.

Where other systems tend to stick and swelter under the midday sun, DEC-K-ING covered decks always keep their cool. Stepping out onto your deck rain or shine is always a pleasure.

DEC-K-ING's all weather surface lets you enjoy your outdoor deck space all year round - providing you with a deck you can live on.

DEC-K-ING systems are as strong on protection as they are on good looks. They provide complete waterproofing cover and are designed especially for decks above living areas.

TECHNICAL DATA	ROOFSEAL
Weight	2.3kgm ⁻¹
Roll Coverage	42m ²
Vinyl Coating	2.2kgm ⁻¹
Scrim	0.7kgm ⁻¹
Emboss Pattern	Pebble
Tensile Strength	MD-4.9kgcm ⁻¹ XD-4.9kgcm ⁻¹
Lap Joint Strength	Initial-68.6kg MD-72.3kg
(after boiling)	Initial-60.5kg MD-65.0kg
Elongation At Break	MD-117% XD-112%
Low Temp Impact	Pass
Resistance To Heat Aging	Pass
